Why Graphene Week?

Graphene Week is more than a conference; it's an immersive experience showcasing the full landscape of graphene and 2D materials. A welcoming, inclusive environment designed to foster collaboration and empower all participants.

Visibility

Be part of an effective communication network. Join the Graphene Flagship media and online channels.

Europe in the Lead

Showcasing success stories, flagship achievements and future opportunities in the European 2DM ecosystem.

Drive Innovation

Industry-focused sessions, the Innovation Forum, the exhibition and networking sessions connect challenges with real solutions.

Premium Connections

Engage with a global community of researchers, industry leaders and innovators from 40+ countries.

Cutting-Edge Research

Discover the latest breakthroughs in fundamental science, electronics, energy, health, sustainability and manufacturing.

Shape the Future

Explore how 2DM research translates into societal impact, industrialisation and scale-up.

What to expect

GW Exhibition

Interact with participants and promote collaborations and innovation

Innovation Forum

A stage for industry visibility, inspiration and meaningful interaction.

Dedicated Networking Sessions

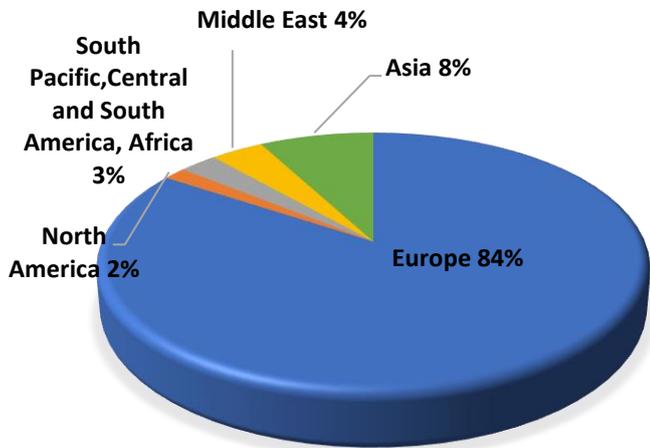

Connect with key experts, researchers and industry leaders.

Media Push

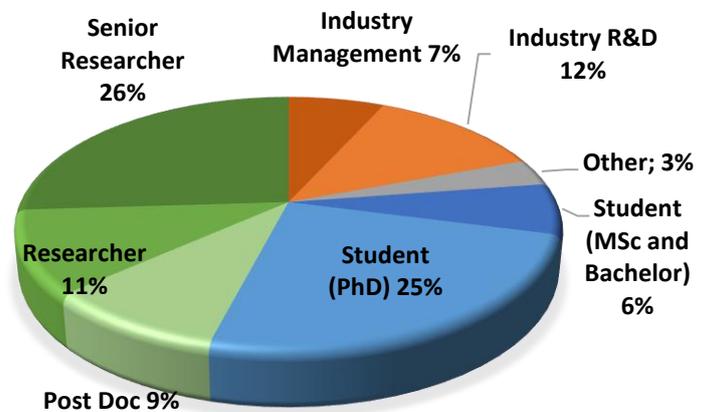

Amplify your visibility with the option of professional on-site media production.

Leadership Exhibition Tour

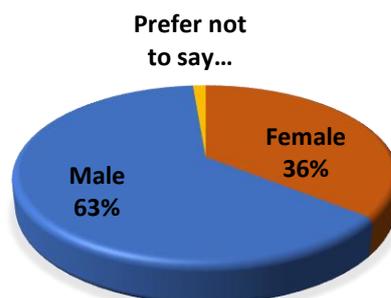

Top leaders in your field will be invited to the event and visit the exhibition in a dedicated tour.
